Nicole-

Here is the EPA comment letter on the T5 SCE. DEQ plans to provide a response to the EPA, but would like to understand the Port's position on getting EPA concurrence on the DEQ source control decision (SCD). FYI, EPA has not fully agreed with some previous DEQ SCDs on other sites. I understand that you will discuss this matter internally this Friday, and I look forward to discussing this matter with you shortly thereafter.

Thanks-

Tom
